

2006 Essential Masterclass

The Open Mind Institute

AI IN MOTION
INNOVATIVE AI CONSULTANCY

Leading Through AI Disruption: *Building Human Performance in Uncertainty*

Today's Challenge –

60%

HR leaders feel unprepared for AI's workforce impact (Josh Bersin Co., 2025)

40%

Professional services firms now using GenAI – up from 22% just one year prior

5%

Of Australian businesses actually deriving substantial value from AI tools (Deloitte, 2025)

Australia's professional services sector is at a critical inflection point. AI adoption has nearly doubled in the past year, yet most organisations lack the human infrastructure to manage it. The result is a measurable wave of anxiety spreading across every level of the business.

The Solution –

In partnership with AI IN MOTION, The Open Mind Institute has created a half-day Masterclass titled: **'Leading Through AI Disruption'** to arm leaders with the **AI fluency** skills and **human centric capabilities** to navigate out of the uncertainty and into informed capability.

Here's what you'll receive:-

- Facilitation from experts in AI & Human Performance
- A solid understanding of AI fluency and ideation
- The core pillars of human skills to work with AI:
 - Critical Thinking
 - Emotional & Social Intelligence
 - Adaptive Leadership
 - Effective Communication & Authentic Relating
- The AI Strategy Roadmap Creation
- Whitepaper Recommendations Report
- 30, 60, 90 Call to Action
- Accountability Metrics

Leading Through AI Disruption: *Building Human Performance in Uncertainty*

We take your team from AI fluency, to the core pillars of human capabilities that AI can't replicate, to action your strategy (that we'll create with your team) to empower the shift toward renewed and sustainable growth and superior clarity moving forward.

The Masterclass Outline –
